PERFORMANCE MEASURE	2007	2008	2009	GOAL	
<b>PATIENT &amp; PHYSICIAN SATISFACTION</b>					
<ul style="list-style-type: none"> <li>% of patients who would return to an ACM patient service center</li> </ul>	98%	98%	95%	100%	
<ul style="list-style-type: none"> <li>% of physician clients who would recommend ACM Medical Laboratory</li> </ul>	98%	95%	100%	100%	
<b>PROFICIENCY TESTING RESULTS</b>					
	2007	2008	2009	LAB GOAL	STATE BENCHMARK
<ul style="list-style-type: none"> <li>Average lab grade for testing of unknown samples including blood bank, chemistry, hematology, toxicology, microbiology, and cytology.</li> </ul>	99.9%	99.6%	99.8%	>95%	>80%

The New York State Department of Health sends unknown samples to ACM Laboratory and grades us on the results we provide. This is a way for regulatory agencies to ensure our lab provides accurate and consistent results. We also perform these tests for the College of American Pathologists and the Substance Abuse and Mental Health Services Administration.

*"The phlebotomist at ACM made me feel a lot better about some tests that were making me nervous."*
